

Are you eager to make a difference for local young children?

At our Cylch Meithrin every child has the opportunity to play, learn and grow in Welsh.

We give children and their families a host of educational and fun experiences through the medium of Welsh, and all the volunteers who support the Cylch as members of the Committee are a massive help to us in achieving this.

You don't need to be a parent or be able to speak Welsh yourself to be a committee member at our Cylch Meithrin – we need you.
